

# Albany Parking Authority

## Regulatory Parking Sign Inventory and Parking Space Count

### ADDENDUM NO. 2

The following modifications to the Questions and Answers, posted on August 24, 2018, are hereby incorporated into the Bidding Documents and the receipt of which shall be acknowledged by the BIDDER.

In accordance with the Invitation to Bid, each Bidder shall ascertain prior to submitting a Bid that the Bidder has received all Addenda issued, and the Bidder shall acknowledge their receipt in the Bid.

### Q&A

- Is there an estimate of the number of different types of signs? Is there an estimate of the total number of assets that need to be verified?
  - Estimated number of signs was included in the RFP document under Section 1: Introduction. (30,000). Evaluation of all of these types of signs is to be included.
  - We are looking at parking regulations and timed parking signs only.
- The City indicated 255 miles of roadway, is a sign inventory required for every street? Can the City estimate the total number of block faces that need to be audited?
  - Although not every roadway has parking regulations, an inventory is necessary for each street. This is the City's first inventory, and we are in need of collecting a base data inventory.
  - An estimated number of block faces is not available.
